You can't have a war on terrorism because that's not an actual enemy, it's an abstract. It's like having a war on dandruff.

That war will be eternal and pointless. It's idiotic.

That's not a war, it's a slogan. It's a lie. It's advertising, which is the only art form we ever invented in America. And we use it to sell soap, wars and presidential candidates in the same fashion.

The U.S. entered the Vietnam War when the government and its media reported an attack on U.S. ships. Although the Vietnam War resulted in 50,000 American deaths and millions of Vietnamese casualties, this incident NEVER HAPPENED.

You had to attack civilians, the people, women, children, far removed from any political game. This would allow authorities to bring in a state of emergency.

Terror Drills That Turned Live

For a successful cover-up you must control the evidence

On the morning of 9/11 terror drills took place simulating planes crashing into WTC and the Pentagon

On the morning of 7/7 terror drills took place simulating attacks on the underground and main line stations

On the day of the Oslo attacks, terror drills took place simulating the exact attacks that were to transpire for real

[Terror Drills that Turned live](#) (also Sandy Hook)

What government does:

Uses force and intimidation to coerce people to comply with their demands.

Definition of Terrorism:

The use of violence and intimidation in the pursuit of political aims.

How The 'Problem-Reaction-Solution' Paradigm Works

1. The government creates or exploits a problem then attributes blame to others
2. The populace reacts by asking the government for protection and help to solve the problem
3. The government offers the solution that was planned by them long before the crisis occurred

Outcome: Rights and liberties are exchanged for the illusion of protection and help

TERRORISM

Its OK when the government does it.

"The truth is there is no Islamic army or terrorist group called Al-Qaeda. And any informed intelligence officer knows this. But, there is propaganda campaign to make the public believe in the presence of an identified entity representing the 'devil' only in order to drive TV watchers to accept a unified international leadership for a war against terrorism. The country behind this propaganda is the US...."

CIA-Sponsored Taliban and al-Qaeda Resurface in the Theater of False Flags

The current civil unrest is manufactured by the CIA for the US/UN/NWO regime.

According to Congressman Dana Rohrabacher, left, the Taliban is a "construct of the CIA and was armed by the CIA." Rohrabacher said that the CIA-created Taliban served the US interests against the Russians in Afghanistan and have continued to be used even up-and-to the current presidential administration.

Rohrabacher spoke during a House Committee on Foreign Affairs meeting where he named Hillary Clinton, US Secretary of State was part of the ruse that is the Taliban. Clinton's husband, during his presidency formed the Taliban with the assistance of the Saudi Arabian government and Pakistan.

"[The] very concept of Terrorism is inherently empty, illegitimate, meaningless. 'Terrorism' itself is not an objective term or legitimate object of study, but was conceived of as a highly politicized instrument and has been used that way ever since. ... From the start, the central challenge was how to define the term so as to include the violence used by the enemies of the U.S. and Israel, while excluding the violence the U.S., Israel and their allies used, both historically and presently. That still has not been figured out, which is why there is no fixed, accepted definition of the term, and certainly no consistent application."

My name is Randy Weaver. I have been labeled a murderer, white supremacist, Aryan Nations gun runner and more. I was accused of killing my own son. My wife and children have been portrayed as cold-blooded killers and religious fanatics. Government agents said we lived in a mountain-top fortress surrounded by foxholes and booby traps. We were told that the Feds had to take Vicki out because she would have killed her children rather than let them be taken alive.

Ridiculous! None of these accusations are true. They are all lies created by, or at least condoned by, the federal agencies involved. The mainstream media was only too happy to headline them as fact.

For several years family and friends have encouraged us to do this book and let the whole world know the truth about the Federal siege on Ruby Ridge. We apologize for taking so long. It took at least three years after the siege for us to feel comfortable discussing this among ourselves, let alone share it with the world.

The government believed we needed to be punished.

After all, I broke a federal firearm law. They in turn, broke several laws, violated our civil rights and murdered my wife and son. Did my punishment fit the crime?

According to the Feds, it did.

You be the judge.

I am scared to remember those horrible days in August of 1992... It's private and personal, but it's not. I have no privacy left. It was gone with the first reporter, gone with the first camera. It was gone with the first journalist out to get the big story. The problem is, they don't know the story. No one does except my family. We lived it.

With a heavy heart I begin the task of sharing our story with the world. Even now, sometimes my mind tricks me into believing it was all a dream. I am afraid that once I put it all down on paper, my mind will never trick me again.
